

WEB TEMPLATES AND BUILDERS

SESSION 5: USING WEB TEMPLATES & BUILDERS

06/02/2026

WEB TEMPLATES

Website Templates

- Web templates are ready-made website designs that help beginners create websites faster and more easily.
- You can get free or premium web templates from websites such as:
 - FreeWebTemplates.com
 - ColorLib.com
 - TemplateMonster.com

Why Use Web Templates

- Easy and faster for beginners.
- Responsive and mobile-friendly.
- They look professional.

Website Builders

- Web builders are tools that lets you create a website without needing code.

Features of Web Builders

- Drag-and-drop design or AI-enabled, no coding required.
- Ready-made, customisable templates included.
- Responsive and mobile-friendly.
- Extra tools or plugins for complex websites, such as online stores, blogs, etc.
- Built-in marketing and analytics tools.
- Hosting and domain support.

Using a Web Builder

- Create a user account.
- Enter prompt or choose a template.
- Customize with built-in designer tool.
- Upload logo, set colors, and fonts.
- Publish.
